## FRIENDSHIP AMBASSADORS REACH OUT

This half term, the Friendship Ambassadors have been working very hard to beat bullying at Valley Primary.

### The First Meeting

In September, the children held their first meeting and discussed what their role was and how they could support others in school who had Friendship issues.

The children received training on being a Friendship Ambassador and how to support children at playtimes. They were given a rota for playtimes and lunchtimes and shown the games and activities they could use.

### Anti-Bullying Day Planning

In October, the Friendship Ambassadors met again to discuss Anti-Bullying Week. The children had lots of ideas on different ways to promote Anti-Bullying at Valley. The children decided they would like to use the 'Reach out' slogan and that everyone should wear one glove on Anti-Bullying Day to show their love.

The children then discussed the Anti-Bullying Assembly and what they would like to do as part of this assembly. The children decided to create short dramas to show bullying situations and how they could 'reach out' in these situations.

### Anti-Bullying Day

On Anti-bullying Day, the children on both sites worked with members of the Personal Development Team teachers to deliver the assemblies on both sites.

These were a great success and really helped raise awareness of our Anti-Bullying campaign.

A competition was held across school to create posters to support our 'Reach out' theme. The winners from each year group are displayed around school and each winner received a prize.

### What Next?

The Friendship Ambassadors will continue to meet next term and ensure we raise awareness of bullying and support the children of Valley at playtimes and lunchtimes.

### Parents

We would really value any comments parents have about our Anti-Bullying work so far this year. Please could you complete the parent survey <https://forms.office.com/e/xVQva50dcdg>
