

Key Instant Recall Facts

Year 1 – Spring 1

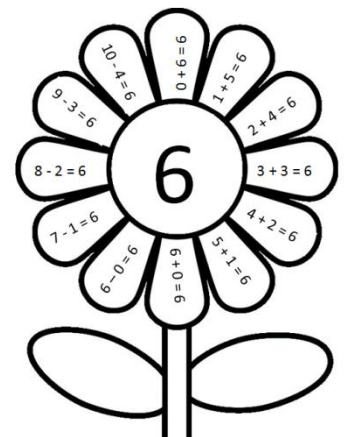

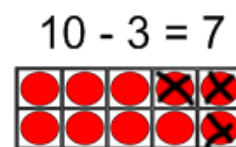

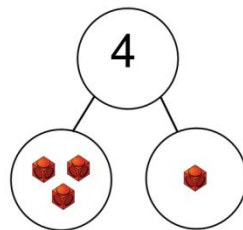

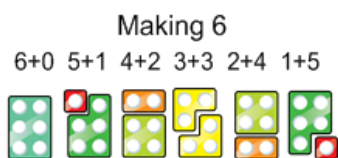

I aspire to know all addition and subtraction facts for all numbers between 0 and 10.

By the end of this half term, children should know all of the addition and subtraction facts for all numbers to 10. The aim is for them to recall these facts **instantly**.

Key Vocabulary

4 **add** 2 = 6 3 and 2 **together** make 5
 3 **and** 2 = 5 5 **subtract** 1 = 4
 1 **plus** 4 equals 5 3 **minus** 1 = 2
 4 and 1 **total** 5 6 **take away** 2 = 4

You could try some of these ideas...

Use practical resources

- I have 4 sweets, how many more sweets will I need to make 9 sweets in total?
- I have 6 cars, how many teddies will I have if I take away 3?

Play games

You can games online at <http://www.conkermaths.org/cmweb.nsf/products/conkerkirfs.html> and then see how many questions you can answer in just one minute.

Make a fact flower

See the example above. There is a template attached below for you to use.

Make a poster to display the facts.

This could be placed somewhere in the house that is on show and passed often.
